This is a privately owned genealogy website using a purchased copy of the Colorado voter list. A clean voter list is essential to fair elections. Public scrutiny of the voter list can help maintain the integrity of the list and reduce fraud. That is why Colorado law makes the voter list a matter of unrestricted, public information. This site is intended to help genealogists use that public information to trace their family trees. Use this website at your own risk. There is no warranty.

Key officials

Do not navigate menus to reach a human. If they maliciously configured their telephone system not to direct the call to a human when you do not select options, the member is out to humiliate and degrade you. Visit the member's office to complain, and vote accordingly.

Get in contact with **one** U.S. Senator or U.S. Representative for help with a federal agency such as immigration (USCIS), Social Security or Veterans Administration. Just don't think you owe that member your vote. Also, they can only help you if you live in that member's territory. Get in touch with **all three** to bitch about unjust federal laws. Get in touch with their Colorado offices.
