DECISION AND ORDER DENYING MOTION FOR RECONSIDERATION

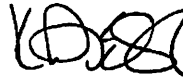

On May 18, 2021, the Court issued a bench decision pursuant to MCR 2.116(C)(4) and, subsequently, on May 19, 2021, entered an Errata Order granting summary disposition to the Defendants and dismissing the Plaintiff's claims. On June 10, 2021, the Plaintiff filed a Motion for Reconsideration or, Alternatively, Rehearing Pursuant to MCR 2.119(F). The Court having now reviewed all documents submitted, dispenses with oral argument, pursuant to MCR 2.119(E)(3), and issues this written decision and order for the reasons stated herein.

The standard for reviewing motions for reconsideration is codified at MCR 2.119(F), entitled Motions for Rehearing and Reconsideration, and reads in pertinent part, as follows:

(3) Generally, and without restricting the discretion of the court, a motion for rehearing or reconsideration which merely presents the same issues ruled on by the court, either expressly or by reasonable implication, will not be granted. The moving party must demonstrate a palpable error by which the court and the parties have been misled and show that a different disposition of the motion must result from correction of the error.

The Court finds that the Plaintiff's Motion for Reconsideration presents the same issues previously ruled on by the Court, either expressly or by reasonable implication. The Court does not find that a palpable error has been demonstrated and that a different disposition of the motion must result from the correction of an error.<sup>1</sup> Therefore, for the reasons stated herein, Motion for Reconsideration or, Alternatively, Rehearing Pursuant to MCR 2.119(F) is denied.

IT IS SO ORDERED.
